Veterinary Surgeon's Report Form

To be supplied by the insured at their own expense in support of a claim

To the Insured: Please hand this form to your attending veterinary surgeon.

To the Veterinary Surgeon: Please complete and return this form to us as soon as possible, even if treatment is ongoing, together with:

- 1) The horse's complete veterinary history, which must include all clinical notes regarding the investigations and treatment of the insured horse since he/she was first registered with your practice.**
Please answer the questions asked and not write 'see clinical history'
- 2) The itemised invoices**

Please note that we are unable to accept claims without this completed report form and the veterinary history. Therefore, failure to submit the veterinary information requested above will result in a delay in the claim handling process. If you wish to discuss this case with us, please contact us on the details above.
